Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

EDWARD V. WHITON.

ELECTION, TUESDAY, APRIL 7.

KANSAS GOVERNOR.—The telegraph last evening, makes it almost certain that Robt. J. Walker is to be the next Governor of Kansas. We cannot but regard the appointment as a very unfortunate one for the territory. Mr. Walker's past histtory has nothing in it to give the friends of freedom in Kansas, or of justice anywhere, any hope of a good result. How much of an improvement upon Secretary Woodson Mr. Stanton would be, remains to be seen.

The Circuit Judgeship.

The withdrawal of Mr. FOOTE, as a candidate for Circuit Judge, leaves the field clear for Mr. McArthur to obtain the "regular democratic" nomination, without which his political conscience (tolerably easy in most party matters) will not suffer him to run. As the so-called democracy are largely in the ascendant in this Circuit (Milwaukee and Waukesha counties) a nomination is equivalent to an election—unless the People reject the party rule sought to be imposed upon them in the selection of Circuit Judge. A number of respectable lawyers, without distinction of party, have signed their names to a paper soliciting Mr. MCARTHUR to become a candidate for this office; but that gentleman, while duly grateful for the compliment, cannot think of saying yes, without the previous sanction of a party convention. The time has been when Mac was not so coy, but that was when a "People's nomination" for City Attorney was a surer passport to office than the "regular democratic" label.

In the present condition of things it is more than probable that Mr. MCARTHUR, as the regular party nominee, and endorsed by a "no-party" call from some of our lawyers, will be elected without much, if any opposition. And yet neither the Bar, nor the People will do themselves justice if they quietly acquiesce in such a result. The gentleman who now fills the office of Circuit Judge, ALEXANDER W. RANDALL, Esq., was appointed to fill the vacancy occasioned by the resignation of Judge HUBBELL. There was some opposition to his appointment, and the Milwaukee bar and business public had very generally expressed their preference for another.—Judge RANDALL, therefore, took his seat on the Bench, with the predisposition of the public and the bar adverse to him. And yet now, at the expiration of a year since he entered upon the duties of his office, there is but one sentiment, among the bar and the public, in regard to him, and that is, *unqualified approval*. He has made, by common consent, a prompt, laborious, impartial, clear-headed and dignified Judge. Such being the case, wherefore the necessity of a change? Judge RANDALL has *proved* his entire fitness for the post—why not re-elect him? Nobody, we believe, pretends that Mr. MCARTHUR will make a better Judge than Judge RANDALL, and few, if any, believe that he will make as good a one. Why then needlessly run the risk of changing for the worse? Or what reason, save a political one, can be given for ousting Judge RANDALL, to make a place for Lt. Governor MCARTHUR? And that being the *only* reason, who will pretend that it is a sufficient one? In our judgement and belief, the people and the Bar of this Circuit will alike be guilty of a gross blunder if, having tried and proved Judge RANDALL and found him to be honest, capable and faithful, they should now discard him and, on party or personal grounds, take up with Mr. McARTHUR. That community does not deserve to be well and faithfully served, which turns its back upon a well-tried, honest and faithful public servant.

The Situation of Kansas—Position of the Free State Men.

We have received from a correspondent at Topeka, Kansas, a full report of the proceedings of the Free State Convention recently held at that place, but find not much in it of general interest beyond what was contained in the article which we published yesterday. A few remarks by our correspondent, which precede the report, will serve to make the position taken by our free-state party more clearly understood. He says:

"We have determined to go into no election which may be called in pursuance of the bogus enactments, believing that thereby we should sacrifice every principle to which we have professed our devotion, and for which we have suffered much, and have been ready to suffer. It is charged upon us by the U. S. Senate that our organization was nothing more than a *party* movement—that *all* the citizens of Kansas had not the privilege of participation in its formation.—Now if we maintain our position, the other party cannot be better in this respect than we—if either is admitted by Congress, it must be the Topeka Constitution, for that was the *first*. And in addition to this, it is not denied by *any* person of *any party*—even by those who contend that the so-called Territorial Legislature, elected as it was by non residents, and composed for the most part of the same—that the people of Kansas have never had, and have not now, the privilege of fairly expressing their sentiments at the ballot-box. But the other party had no difficulty in opposing the adoption of the Free State Constitution, for no odious test oaths were required; and no armies came from Free States to outrage actual residents.

All agree in saying that the Convention was the ablest assemblage which was ever convened in Kansas. The deliberations were the most harmonious of any I have ever witnessed in such a body. As to the ability displayed, and the principles displayed, the proceedings will speak for themselves.

All were filled with enthusiasm for Gov. Robinson, and his explanation of his course in resigning was satisfactory to every one that that course was not taken from any desire on his part to relieve himself of any danger, or from any lack of faith in or devotion to our cause, but wholly on account of the honied words and promises of Gov. Geary and Lieut. Gov. Roberts, which have never been fulfilled."

Our correspondent sends us a full sketch of Gov. Robinson's remarks, made when called out by the Convention. We cannot possibly find room for them, but their reception by the Convention shows that they were entirely satisfactorily.

In order that our readers may understand distinctly what the law is, providing for the election in which the Free State party refuse to participate, we publish the following abstract of it, and invite a candid consideration of its features. The sections provide as follows:

1. A Census of the actual free male residents of the Territory is to be taken during the current month (March)—the census-takers to be all designated by the Sheriffs of the several counties, all appointed by the Bogus Legislature, and all the most active and bitter Pro-Slavery men.

2. In case of any vacancy in the office of Sheriff, the Judge of Probate (appointed in the same way and of the same stripe with the Sheriff) is to appoint the census-takers. In case both the offices of Sheriff and Judge are vacant, (which can rarely or never occur,) then the Governor may appoint.

3. The official lists of qualified voters on the 1st of next month are to be filed in the several Probate Judges' offices on or before the 10th of said month.

4. The Probate Judges may, at their unlimited discretion, correct and enlarge these lists up to the 1st of May next.

6. These lists of voters to be printed and distributed.

7. The Governor *and Secretary* of the Territory to apportion for sixty members of the Constitutional Convention on the basis of these lists of voters.

8. Constitutional Election on the third Monday in June.

9. The County Commissioners (all Pro-Slavery zealots appointed by this Legislature) to designate the several places for holding the polls, and appoint the three Judges of Election for each poll.

10. These Judges to appoint the clerks, and with their aid hold the polls, make the returns, &c.

11 Every *bona fide* white male inhabitant of Kansas, being a citizen, who shall have been such since the 15th of March, to be a voter at the election aforesaid.

12. Census-takers and their assistants empowered to administer oaths.

13. Unlawful influencing of voters, by menaces or otherwise, to be punished by fine and imprisonment.

14. Illegal voting to be punished by fine and imprisonment.

15. Fraud by Election offices, ditto.

16. The Convention to meet at Lecompton on the first Monday in September, and then and there to frame a State Constitution.

17. Convention to be officered and paid like a Legislature.

18. All officers employed under this act to receive $4 per day for their services.

19. Kansas is divided by the act into nineteen Election districts—of course, in such manner as to give Slavery the utmost possible advantage.

20. All votes to be given *viva voce* (the Missouri mode), instead of by ballot.

21. The manner of making census returns is prescribed, but *no provision made for submitting the Constitution, when formed, to a vote of the People.*

How the Free State men could be expected by any reasonable person to participate in such an election, and what they could fairly expect to gain by it, in the way of a just expression of the will of the people, does not appear to us.

One thing is clear—and that is that the Bogus Legislature, in its fear lest the foreign born immigrants to Kansas would give their influence to Freedom, have provided for a violation of the Kansas-Nebraska act. Section 11 of their law, as above, provides that "Every *bona fide* white male inhabitant of Kansas, *being a citizen*, who shall have been such since the 15th of March, to be a voter, &c."

And yet Section 28 of the organic law provides as follows:—"That the right of suffrage and of holding office shall be exercised only by citizens of the United States, and those *who shall have declared on oath their intention* to become such."

This bold violation of the Kansas-Nebraska Act is of a piece with the other features of the legislation of the Border Ruffian legislature. The Free State men do well to have nothing to do with an election, whose intended fraud and cheat are so palpably arranged beforehand.—And it does not surprise anybody who has marked the hypocrisy of the sham democracy, in their outcry against Know Nothingism, to see the same party upholding the Missouri invaders in their denial to foreign-born immigrants of the right of suffrage which Congress gave them.

We do not despair of the freedom of Kansas. The free laborers of the free States, and many a white laborer from the slave States who has been borne down for years by the influence of the accursed institution, accepted the challenge offered by the Kansas Bill, and have set themselves about providing it with a free population. Aided by the federal government, the ruffians upon the Border, in concert with the Bufords and Tituses, the Shannons and Lecomptes, and other pro-slavery fanatics and doughfaces, have gained and keep possession for the territorial organization, by fraud and violence; but the swelling tide of free laborers is still pouring in, and spreading over the beautiful plains and valleys of Kansas, and at the first election when a fair expression of the sentiments of the people can be had, Freedom will be vindicated. Around Kansas and its interests centres now the great contest between Slavery and Freedom. That issue is the sole issue now before the country, and everywhere the people are preparing for it. There will be no more triangular contests till that question is settled, and Freedom supreme. No patriot desires to shrink from the issue.

New Telegraph Stations.

By the card of Messrs. SHOLES & SIMMONS, it will be seen, stations have been opened at Richfield, Woodland, Hartford, Fox Lake, and Portage City, and other offices are to be opened soon. Messages will be sent from the office in the Phoenix Building.

DODGE COUNTY JUDGE.—The Republicans of Dodge county have nominated HIRAM BARBER, Jr., as their candidate for County Judge. Mr. BARBER is a gentleman of excellent abilities and great promise, and would do honor to the Bench.

RACINE COUNTY JUDGE.—The Republicans of Racine have nominated, for re-election, WILLIAM E. WORDING, their present County Judge. The nomination is an unexceptionable one. Judge WORDING has filled this office, for several years past, to the general acceptation of the public.

RAIL ROAD TO COLUMBUS.—We learn that the Milwaukee and Watertown Railroad will be extended to Columbus by the 10th of next month. This will give a new start to Columbus, already a very lively and growing town, and cannot fail to tell upon the business of the road.

"BLACK REPUBLICANS" IN ST. LOUIS.—The St. Louis *Republican*, "Border Ruffian" organ, denounces the Democratic ticket, recently nominated in that city, on the "Free Labor, Free Soil, Free Press" platform, as a "Black Republican" concern throughout. The *Republican* is doing its best to stir up prejudice against these "Abolitionists in disguise," but will hardly succeed in its incendiary course.

LEAVENING.—The Dred Scott decision is working a revolution among the "American" papers in New Jersey. Those which last year, were most inveterate in the hostility to all plans for a junction of the opponents of Slavery extension, now earnestly counsel such action as will secure a cordial union.

THE STATE BONDS.—The Madison *Argus*, as in duty bound to its party, makes an attack on Gov. Bashford in relation to the negotiation of the $50,000 of bonds recently made. That paper says;

> These bonds ought to have sold for a handsome premium. When the same amount was issued three years ago, a general competition was invited by Gov. Barstow, and capitalists were here from all parts of the State to bid upon them. The operation this time seems to have been carried on by Gov. Bashford "on the sly," nobody knowing anything about it but the lucky "takers" and the "organ." The State has probably lost $2,000 or $3,000 which it might just as easily have made as not.

Mark how plain a tale shall put down this organ of the defunct Barstow dynasty. The law under which these bonds were issued expressly says:

> SEC. 3. The bonds and coupons when so executed, the Governor shall negotiate on or before the first day of April next for the purpose expressed in this Act; *Provided* that on or before the expiration of fifteen days after the passage of this act, any holder of the bonds issued under an act entitled "an act to authorize the borrowing of money," &c., approved April 14, 1852, shall have a preferred right to subscribe at par for an amount of the funds hereby authorized to be issued, equal to the amount at par of the bonds as held by him.

And as to the reason why the law so provided, the Madison *Journal* says:

> The exchange on the bonds, were they negotiated in New York, would be one and a half per cent; at the time of the passage of the bill it was two per cent. The former bonds were eight per cent; these are sixes. The State bonds of Michigan, equally good as those of this State, are worth only ninety-eight cents in market,—Under the circumstances, therefore, the action of the legislature would seem to have been the most profitable that could [illegible] State; but, whether so or not, no blame [illegible] possibly be attached to the Governor.

RAILROAD CONSOLIDATION.—In a private letter from W. B. Ogden, Esq., President of the Chicago, St. Paul and Fond du Lac Railroad, to a gentleman in this city, dated Cleveland, March 22d, it is stated that a consolidation has been effected of the above road with the Marquette and State Line Road—thus making a continuous line, under the control of one company, from Chicago to Lake Superior.—*Chicago Tribune.*

The House of Refuge.

We publish below that portion of the Act, passed at the late session, authorizing the erection of a House of Refuge for Juvenile Delinquents, which gives the information relative to the procuring of the site, &c. The clause in italics in the 1st section requires immediate action on the part of all who are interested in having the institution located here:

PUBLISHED, MARCH 21, 1857.

AN ACT to authorize the establishment of a House of a Refuge for Juvenile Delinquents in the State of Wisconsin.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SEC. 1. The Governor of the State of Wisconsin shall appoint three Commissioners for the purpose of selecting a suitable site on which to erect a House of Refuge for juvenile delinquents, and the said Commissioners shall within eight weeks from the time of their appointment proceed to examine and determine upon the site aforesaid; provided, that *it shall be located where the citizens shall contribute the largest sum* towards the erection of the same; in determing such location the said Commissioners shall take into consideration any proposition which may be made to them, and of the performance of which they shall have satisfactory assurance to give to the State: the lands necessary for the site of said house of refuge, or any materials or money to aid in the erection thereof, and any bond or other obligation executed to the people of this State and delivered to said Commissioners to secure any such site, materials or money for the purpose aforesaid, shall be valid and binding upon the parties executing the same.

§ 2. If the said Commissioner, shall procure by purchase, or voluntary cession, the site for the said house of refuge, the deed thereof shall be duly executed to the people of this State and delivered to the Secretary of State, and thereupon the State Treasurer is hereby directed to pay on the order of the Secretary of State to the grantor or grantors, of whom the site shall be purchased, such sum or sums of money as may be required to pay for the site agreeably to the contract of the said Commissioners; provided the sum to be paid on such order does not exceed the sum of fifteen hundred dollars.

§ 3 At any time, not exceeding six months after the said site shall be obtained by the said Commissioners, they, the said Commissioners, are hereby empowered to contract for the erection and enclosure of the said house of refuge on such plan and on such terms as they may deem just and proper: provided the said plan and the terms of said contract shall be approved by the Governor, Secretary of State, and Attorney General, and, provided also, that said house of refuge shall be built in a plain manner and that said Governor, Secretary of State and Attorney General shall approve no plan for the erection or building of such house of refuge which shall, in their judgment, require more than twenty thousand dollars for the completion of such building, and the said Commissioners shall elect and designate one of their number who shall superintend the building of the said house of refuge with a view to the due execution of the work on the part of those with whom the said Commissioners shall contract for the enclosure and erection thereon.

§ 4. The said Commissioners above mentioned before entering on the duties of their office shall each give his bond to the people of the State in the penal sum of ten thousand dollars with two or more sufficient sureties to be approved of by the Governor, conditioned for the faithful performance of the duties required of them by this act.

§ 5 The State Treasurer is hereby directed to pay to the said Commissioners on the order of the Secretary of State, out of any money in the Treasury not otherwise appropriated, such sum or sums of money as they may from time to time require for the building of the said house of refuge, not exceeding such sum as will, with the sum drawn and paid for the site of said house of refuge, amount to twenty-thousand dollars, at such times as the sum may be wanted by said Commissioners, in sums not exceeding five thousand dollars at any one time, and the expenditure of at least four thousand dollars thereof shall be accounted for before any other sum shall be advanced.

§ 6. It shall be the duty of said Commissioners to make a detailed report of all the money received and expended by them by virtue of this act, and of the progress which shall have been made in the erection and enclosure of the said buildings, to the Governor of this State on or before the first of January next, and as often thereafter as the Governor shall or may from time require.

§ 7. Each of said Commissioners herein mentioned shall be allowed for his services four dollars per day while actually employed in the duties of his office, and at the rate of five cents per mile for all the necessary travel in the performance of the duties required by virtue of this act.

§ 8. The said Commissioners shall for four weeks in succession advertize in a newspaper published in each of the cities of Racine, Milwaukee, Janesville and Madison for sealed proposals for erecting and completing the said building and enclosure, and shall make a contract with the lowest bidder or bidders: provided such bidder or bidders shall give satisfactory security for the performance of his or their contracts, and, provided also, that such contract or contracts or such securities shall be approved by the Governor.

THE CAPITOL ENLARGEMENT—PLANS CALLED FOR.—The Madison *Journal* contains the following advertisement, by the Governor, inviting competition for the plans for enlarging the Capitol. Here is a chance for our architects:

NOTICE.

IN pursuance of the provisions of an Act entitled "An Act authorizing the Enlargement of the State Capitol and providing and appropriating means for the same," approved, Feb. 28th, 1857: Section 4 of which provides that "Immediately after the passage of this act, the Governor shall employ some competent architect to prepare drawings and plans for the Enlargement of the Capitol, and shall also receive and consider, all other plans and drawings that may be submitted to him for that purpose, and calling to his aid and advice the Secretary of State, shall approve and adopt the plan best calculated to meet the wants of the State," I do therefore notify all persons desiring to propose and submit plans, as provided by said act, that all such such plans must be completed with accurate estimates of the same, accompanied by full detail drawings, working plans, etc., and forwarded to me at Madison, on or before the 25th day of April, 1857. The person submitting the plan best calculated to meet the wants of the State, will be entitled to receive as compensation therefor, the sum of five hundred dollars.

Executive Department, Madison, March 26, '57.

KANSAS.—When there first came news of lynching, shooting, scalping, arson, fraud and plunder committed by the Pro-Slavery men in Kansas, the newspapers and orators of the Democracy denounced it as a pack of "Black Republican lies," got up to influence elections.—They continue to this day to stoutly aver that it is the Free State emigrants who make all the trouble, the Pro-Slavery folks being as peaceable and well disposed as need be. But if any "Black Republican" has given a worse account of them than the Democratic Administration's own Officials do, we have yet to see it. Col. Delahay, who was the editor of the Administration organ, declares they mobbed him and destroyed his printing office. Gov. Reeder, who was a Buchanan Democrat, relates that they assaulted him and drove him from the Territory. Gov. Shannon, the most pliant of Ohio Pro-Slavery men, admits that they compelled his participation in outrages that even he revolted at, and finally hustled him home, with threats and violence. And now Gov. Geary, their third Democratic Governor—just returned from the Territory, and glad to escape with his life, relates how they plotted his assassination, and says the half of their atrocities have not been told. Do these gentlemen, all Democratic officeholders under the late Administration, also tell "Black Republican lies" about Kansas? How is it?—*Albany Evening Journal.*

GOV. KING AND RAILROAD PASSES.—The Albany correspondent of the *Evening Post* mentions an incident to illustrate the high-minded and independent course which Gov. King pursues even in small matters: He received from the President of the Hudson River Railroad a free pass over the road. Such has always been the custom, but Gov. King returned the pass, with a polite note, acknowledging the attention, but declining to receive the ticket upon the ground that no member of the government, to whose hands is confided the discharge of delicate and important duties, ought to rest under any of the many little obligations which may [affect the judgment through the feelings.—*Buffalo Com. Advertiser.*

☞ We are informed by Mr. Wells, one of the firm of Chamberlain & Co., that a large force of men and teams are to be placed on the line of the La Crosse & Milwaukee R. R. near Jacksonville in this Co. next week and that it is the intention of the contractors to complete the Road through to La Crosse in fourteen [illegible] months if possible. Look out for another rise on business lots soon.—*Sparta Freeman.*

DR BURDELL'S ESTATE.—Surrogate Bradford has granted the application of the Public Administrator, who asked for permission to sell the furniture of the house 81 Bond street. The evidence of a lease to Mrs. Cunningham till May 1st, was pronounced insufficient.

Religious Intelligence.

CALIFORNIA.—The Right Rev. WM. INGRAHAM KIP, D. D., Missionary Bishop of California, has been elected the Bishop of that Diocese, by an unanimous vote of both Clergy and Laity.

CHICAGO.—A new parish has just been organized in the City of Chicago. "The Church of the Holy Communion." It is to be a Free Church. Several gentlemen of zeal and high standing have taken hold of the enterprise, and it must succeed.

The Vestry have secured the services of Rev. Henry B. Whipple of Rome, New York, who is expected to enter upon his duties at an early day.

There are now nine Episcopal Congregations in Chicago, two of which are *Free*, and one (Christ Church) vacant.—*Church Journal.*

RELIGIOUS AGITATION IN SWITZERLAND.—Religious dissensions have broken out in the Roman Catholic Canton of Ticino or Tessin, in Switzerland. According to one account, the people were disgusted with the mummeries to which the priests had resorted in order to impress upon them the glories of the Immaculate Conception; according to another, it was against the doctrine of auricular confession that the people rose in indignant protest. Both accounts may be true: the blasphemous height to which Mary has been exalted, may have been the spark which kindled into a blaze the dislike felt towards the abusers of auricular confessionals. It is said that the confessionals were flung out of the churches, and that after Divine service bonfires were made of the materials. The excitement does not appear to be confined in one place; it is generally throughout the canton. In the present unsatisfactory state of our knowledge with respect to the affair, it is impossible to say what influence may have been exercised upon the Ticinese by their neighbors in the Vaudois valleys; though neither influence nor example will appear necessary in Protestant eyes to induce heads of families to insist on the abolition of a practice so capable of abuse, and so much abused, as auricular confession.—*Observer.*

CHURCH MUSIC IN ROME.—The Cardinal Vicar, who exercises in Rome the ordinary episcopal authority, has issued (on Nov. 18) a circular to all parish churches of Rome, warning them against a future use of profane theatrical music in churches. A previous notification to this effect had been published by him already in 1842, in which he complained of "the various abuses introduced into church music, and rendering it rather a scandal than an edification to the faithful." But he has now perceived, with regret, "that his orders have been forgotten, and the evils complained of still exist—a thing the more serious because this neglect of orders implies a contempt of authority." Having consulted therefore, "the oracle of the Holy Father," the cardinal expresses it as his desire "that no music should be used in churches but vocal music, in the style of Palestina, or with the sole accompaniment of the organ, and in that grave and severe style which is so meritoriously adopted in the Patriarchal and other churches.—*Calendar.*

INFIDELITY DECLINING.—One interesting fact, says the *Christian Intelligencer*, was stated by Prof. Henry, a few days ago, that among the scientific men in the United States, he knows of but one man who professes infidel principles!—What could more clearly demonstrate, that Christianity has nothing to fear, but everything to hope from the progress of science. It brings out and exhibits the harmony, which false science has always denied, between the teachings of Nature and the Scriptures. It thus brings forward powerful, if not conclusive proof of the inspiration of the Scriptures. The progress of science has proved fatal to all other systems of religion, whilst it has served to confirm the truth of Christianity. The conclusion is inevitable, that the volume of Nature and the volume of Revelation were written by the same Divine hand.

DEMORALIZING INFLUENCES OF POPULAR PREACHING.—Our readers having heard so much in favor of "popular preachers," and knowing how they are run after by many very good people, may perhaps be a little startled at the above proposition.

It contains, however, what we are more and more assured is the truth. We firmly believe that that style of preaching which is commonly known as "popular," and which is sought after with so much avidity by the multitude, is demoralizing in its influences. Various reasons might be suggested, why this is so. For the present however we shall speak of but two. These are the *character* of the themes discussed, and the extravagant and untruthful manner in which it is done. The subject for a "popular" sermon must be something new, and striking. It must be a "great occasion" which can call forth a great sermon. The themes of the Gospel are far too old and thread-bare to satisfy the taste of those who delight in such entertainments. Preaching is a kind of sanctified amusement—an amusement for the intellect, the taste, or the passions. Novelty, therefore, is one of the essential elements in its preparation. Novel themes not being found in the Bible, must be sought elsewhere. As the *Puritan Recorder* wittily says of such preachers:—

"They live upon great occasions, as the Esquimaux upon the occasional walrus. A war; a Nebraska bill; the death of a wealthy merchant; a great storm; a great eclipse; a great fire; or a great celebration;—these are God-sends to them. They are as new revelations from heaven to them in their lowly estate. Their powers are not stirred by ordinary Gospel themes; their thunders reverberate only to these great occasions; hence plethoric sermons are showered down by them upon a patient community, on the heels of every "great occasion."—*Church Journal.*

AN IMPOSTOR.—The clergy are informed that a man calling himself a converted Jew, and who says he was born in Morocco, is making a tour through this Diocese for the purpose of fraud.

He calls on the clergy, pretends to be very pious, and desires to receive Christian baptism. He reads Hebrew with tolerable fluency, has some knowledge of French, and is a great rogue. He is low of stature, red of head, and speaks horrible English. He has been successful in getting *thrice baptised* and in obtaining money on the strength of being a Jewish convert. Recently he imposed upon the worthy missionary at Paducah, and lest he should go on to do more evil, we have thought it our duty to expose him as a sacrilegious imposter.—*Banner.*

Joseph B. Robinson, late a minister of the Presbyterian denomination, has become a candidate for Holy orders, in the Episcopal Church, in Connecticut.—*Calendar.*

☞ The benefits of the extension of the Milwaukee and Watertown Railroad to Columbus are already beginning to be felt by our citizens. We learn that one of our extensive brick manufacturers has made a contract for the delivery of 200,000 brick at Columbus early this season, and no doubt many more will be wanted along the line of the road. No harder or more beautiful brick can be obtained than those made in this city.—*Watertown Democrat.*

BUILDINGS.—Notwithstanding the snow is yet some two feet deep, and the weather cool, the Spartans are not discouraged but progressing finely with their buildings. There are some twenty-five now in course of construction, and lots of Timber and Lumber arriving daily for the commencement of others, as soon as workmen can be found, a lot of good Carpenters can find steady employment and good wages. A few good plasterers would do well here.—*Sparta Freeman.*

☞ The Mississippi Legislature, at its late session, allowed its laws to go to Boston to be printed, and made an appropriation of three thousand dollars to pay one of its members to go there and read the proof-sheets, instead of having it done in the State, and thereby assisting in building up a Southern publishing house. What a commentary on the Yankee-haters!—*Vicksburg (Miss.) Whig.*

STEAMER HURON.—There was a rumor in town last night that the steamer *Huron* had sunk in the Chicago river. We know nothing of its truth or falsehood.

ILLINOIS & MICHIGAN CANAL.—News from the Canal breaks intimates that the repairs will not be completed before the 1st of May—that, we learn, is the time now set by the officers—but a leading business man of Joliet thinks it will be the middle of May before it is fully opened. The heavy rains of Saturday night, Sunday and Monday set back the work considerably. This will injure business here very much this Spring, and has probably been the cause which induced the heavy purchase of corn to-day.—*Chicago Tribune, March 27th.*

THREE Wooden houses with lots in Seventh Ward. The size of two of the lots are 25 feet front by 97 feet deep.—The other lot is 30 feet front by 89 feet deep.

Each house contains kitchen, dining room, 2 small parlors, 5 bedrooms, open garret, brick cellar and cistern.

The location is the best in the city, being on the same block west of Wm. P. Young's mansion, and in the immediate neighborhood of the residences of Dr. Weeks and Wm. B. Hibbard. They are suitable for small respectable families; possession given of two houses on 1st May, and of the other one on 1st June. Persons desirous of being their own Landlords, and free from exorbitant rents, and the inconvenience of moving from one house to another, have now an opportunity seldom to be met with, as 80 per cent of the purchase money can remain on mortgage, at 7 per cent, for several years. FOR SALE.
A Farm That is a Farm.

THIS FARM is situated in the handsomest portion of our fair State, within a short distance of a Railroad depot, bordering on a small lake of the purest water, with bold and beautiful shores, some mile and a half in length and three-fourths of a mile in width. The owner, on account of ill health, is obliged to give up the farming business, and will therefore give any man who has the means, a chance to purchase a princely farm on easy and reasonable terms and at a great bargain.—Said farm contains 430 acres, whereof about 200 are cultivated, 60 acres meadows and the balance fine heavy oak timber. 70 acres of wheat were raised on the farm last year and yielded 25 bushels per acre, which is all that is necessary to say in reference to the quality of the soil, and as regards buildings—dwellings, barns, sheep and cattle sheds, &c. &c., they are all that can be desired on such a farm, the orchard is very large and contains almost every description of fruit, and there are 7 miles of fences on said farm.

This is undoubtedly the best chance offered in the State to procure a splendid farm. For further particulars of which, apply to the sole agent,

POLICE COURT, MARCH 27.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Amos Daniels, shooting in the city limits, fined $3.

Thomas Collins, a man who has been up frequently for drunkenness and disorderly conduct, was fined $25 or 50 days imprisonment. This man was fined $5 yesterday, (Thursday) left the Police Court and got drunk before night. An execution was issued against his body, and the officer directed to arrest him and take him to jail the first time he found him drunk, where he will have to stay for 50 days.

John Glancy, charged with stealing a Buffalo robe from W. H. Byron, was brought down from jail to be tried.—After a consultation between the District Attorney and the Police, a nol. pros. was entered, and the defendant discharged.

John G. Saxe.

We are glad to learn that there is a prospect that we are to have an opportunity of hearing this funny man, true poet, and glorious editor, in Milwaukee.

It is expected that he will be here and give us one of his brilliant poems, on Thursday evening next. Due notice will be given as soon as the arrangements are perfected. Mean while, don't make any engagements for Thursday night, for Saxe will speak here but once.

LA CROSSE & MILWAUKEE R. R.—SUMMER ARRANGEMENT.—We publish to-day the Summer time table of the La Crosse & Mil. R. R., now running regularly two passenger trains a day to Portage City, making connection at Horicon with the Milwaukee & Horicon R. R. for Ripon, and at the Junction with the trains on the C. St. P. & F. du L. R. R. for Fond du Lac.

Passengers leaving this city in the 7 A. M. train, reach Portage City at 12:25, Ripon at 11:28, and Fond du Lac at 11:50.

Passengers leaving here in the 3:20 P. M. train, reach Portage City at 8:45, Ripon at 7:51, and Fond du Lac at 7:40.

Passengers leaving Portage City at 6 A. M., reach this city at 11:25 A. M., and those leaving Portage at 2:20 P. M., reach here at 7:45.

It will be seen that this arrangement allows persons living at the extreme points with which railroad connections are now made, to come into town, gives them some 4 hours for the transaction of business, and carries them home again at an early hour of the evening.

The road is in excellent order, having superior engines and cars, and careful and courteous conductors. Its business must needs be a very heavy one this season.

TRICKS OF HACKMEN.—The hackmen of this city are again at some of their old tricks. Yesterday a man named J. F. W. Bridges, accompanied by his wife and 8 little children, the eldest but 4 years old, arrived on the Lake Shore train, and bargained with a hackman named Foy to take them and two trunks to the La Crosse Depot for $1, handing the hackman at the time the checks for the baggage. After they got into the coach, the hackman stated that he could not wait for the trunks, but that they would be brought by another without extra charge, and started. On their arrival at the La Crosse Depot, the man paid the hackman the $1, on the latter assuring him that there would be no charge for bringing the trunks. Soon the trunks were driven up to the depot, and Mr. Bridges was saluted with "a dime, old fellow—shell out for these trunks;" this was from the driver of the baggage wagon, who refused to deliver up the trunks until he was paid 50 cents. Mr. Bridges refused to pay another cent, and the driver of the baggage wagon kept the trunks, compelling their owner to lose the cars. Mr. Bridges called to the hackman, telling him that he would "put him through" for the extortion, to which the former replied, tauntingly, "you'll have to stop all night to do it." Mr. Bridges, who is a resident of Beaver Dam, concluded that he would stay all night and try and get redress, or at least his trunks. The matter was finally settled by the hackman paying the expenses of the family over night. Such tricks should be stopped at once, and the licenses of the hackmen who perpetrate them ought to be revoked.

A GOOD EXAMPLE.—The Aldermen of the Second Ward have published an exhibit of the financial affairs of that Ward. It appears that a tax of 9 per cent was levied for Ward purposes, and special taxes for cleaning and repairing streets, amounting in all to [illegible] $9,0[illegible]—a portion, only, of which has been paid—and that the expenditures were $5,098,80. The Ward still owes $800. This exhibit, though not very satisfactory, is better than nothing. Will the Aldermen of the other Wards follow this example, and let the tax payers know what the city and ward receipts and expenditures have been, during the past year.

FILTH.—There is a great necessity for the rigid enforcement of the ordinances, if we have any, for the cleaning of the streets and alleys, if possible. From Wisconsin street to Mason street, bordering on the river, is an accumulation of filth, sufficient in itself to produce disease enough to kill half the people in the city. The Police have the power, and need but the direction of the Common Council to compel the clearing away or removing of this filth. It should be done as soon as the frost has left the ground; the early rains will then wash off the entire city, while the current in the river, increased by the rain, will carry off out into the Lake, leaving the city clean and healthy for the season. Never was there so much filth in the streets, alleys, &c., of this city as now, and it behooves the Common Council to have it removed before the warm weather commences, in order to sustain the reputation that Milwaukee has always enjoyed, of being one of the healthiest cities in the West.

NEW ENGINES AND CARS.—We noticed yesterday on the track near the Mil. & Miss. R. R. depot, four new and handsome passenger cars, ready to be used on the opening of the road to Prairie du Chien. Sixteen more have been purchased, to be delivered by the 1st of May, making 83 in all belonging to the Company. One of the eleven new first class locomotives, built by Breese, Kneeland & Co., and to be all delivered by the same date, has arrived. It is called the *Helena*, and is a handsome and serviceable looking machine.

The frame for the Company's warehouse at Prairie du Chien is nearly ready for transportation to that point, and can be set up and enclosed in a very short time after it reaches its destination.

WARD CAUCUSES.—The following Democratic Ward Caucuses, to nominate candidates for Ward Officers, and elect delegates to the City and County Conventions, are to be held *to-day*:

First Ward—At the house of Peter Theis, corner of Jackson and Ogden Streets, from 2 to 5 o'clock P. M.

Fourth Ward—At the Engine House of No. 5, from 5 to 8 P. M.

"HOMES FOR ALL."—Mr. J. S. FILLMORE will sell at auction, on the 1st of April next, Sixty Lots in the Sixth Ward of the City of Milwaukee, in what is known as "Perkins' Addition." The lots are well located, the title good and the terms easy. The handbill, announcing the above sale, is illustrated with an excellent map, showing the Rail Road connections, present and prospective, of our city, and justifying the brightest hopes of its future growth and prosperity.

For the Sentinel.

Candidate for Comptroller.

MESSRS. EDITORS:—Among the candidates for Comptroller mentioned in yesterday's Sentinel, you omitted the name of Mr. J. T. B. DEWITT, who I understand is willing to forego the pleasure of private life for the gratification of serving the public in an official capacity.

Mr. Dewitt possesses energy and ability, and the only objection to his election, however, is his proclivity for Buchanan democracy. *

GRAND MUSICAL ENTERTAINMENT.—The Musicians of our city are preparing a rich treat for the people. It will be seen by the notice in our advertising columns that a grand Concert, in which 100 performers will take part, is to be given at Young's Hall on Monday evening next. We venture to predict that that there will be no vacant seats on the occasion.

MORE STORES AND HOUSES WANTED.—We heard, on Saturday, of no less than five Eastern firms, anxious to establish themselves in business in this city, who could not find a vacant store to occupy. Dwellings too, are in great demand, and meanwhile landlords ask the most exorbitant rents for what few houses are in market.

STRAW GOODS—MILLINERY GOODS.—Some matters of special interest to the ladies will be found in the advertisement of J. H. WARNER & Co., in to-day's paper. This firm has just opened the new and elegant corner store in "the Albany," and offer a most tempting stock of goods to the public.

A FIRST RATE CANDIDATE FOR COMPTROLLER.—We have heard the name of Mr. WILLIAM J. WHALING suggested, as a suitable candidate for Comptroller. This would be an unexceptionable nomination and command the assent and support of all parties.

CINCINNATI SUGAR-CURED HAMS.—Messrs. PATTON & WILLIAMS, of No. 15 Spring street, have just received 15 tierces of Cincinnati Sugar-Cured Hams.—We are indebted to them for a sample, and can vouch for the quality of these Ohio hams.

NOT A CANDIDATE.—We have received a note from Mr. C. C. COTTON, whose name was included in our list of candidates for Comptroller, assuring us that he is not a candidate for that, or any other office.

CARD TO THE LADIES.—Among the numerous remedies that have made their appearance in different parts of the world for the benefit of the female portion of community, none have been so thoroughly tested, so universally used, and given such perfect satisfaction as Herrick's Sugar Coated Pills and Kid Plasters. Their use subjects the patient to no inconvenience, and costs but little to use them. Pills 25c, Plasters 18¾c.

MILTON ACADEMY

AND

TEACHERS' SEMINARY.

THE SPRING AND SUMMER TERM of this Institution, for 1857, will open on Wednesday, April 1st, and close Wednesday, July 1st.

A Teachers' Class

Will be organized at the opening of the Term, to continue six weeks, for the accommodation of those wishing to prepare for teaching the coming summer, which will *review* Geography, Arithmetic, Grammar, the rudiments of Algebra, &c., and be thoroughly exercised in Reading and the Theory and Practice of Teaching. Special pains will be taken to drill the class in Orthography, Mental Arithmetic, and the best method of teaching in all the departments of common school education, and of disciplining and and governing a school.

The acknowledged good and advantage gained by such discipline in our teachers, drilling classes, of the past year, by the *sixty* teachers who have gone out from our school the past year, and their [illegible] comparatively superior success in teaching encourages us, and induces us not only to continue these classes, but to add new facilities and increase its efficiency.

We have not the vanity or want of candor to arrogate to ourselves the honor of having the only Teachers' Institute in the State; but it is believed to be simply a fact the larger number of teachers have gone out from this Academy the past two years than from any other school in the State, and their reputation for success in teaching we are assured will not suffer by comparison.

The great success of our past Academic Term, just closed, the most successful of any in the past, induces us to add to our Faculty another experienced and thorough teacher, and to further increase the appliances and facilities of our school.

Milton, March 20th, 1857.

P. S. School District Officers wishing to engage good and thoroughly qualified Teachers for the coming summer, may address the Principal, A. C. SPICER, or M. M. MONTAGUE, Milton. mar23e385wtf

PINNEY YOUNGS' PATENT SAWING MACHINES.

PATENTED JANUARY 30, 1855.—REISSUED OCT. 9, 1855.

THIS IS TO CERTIFY, That we purchased the first Siding Mill built by Pinney Youngs, of Milwaukee, and that we have run the same Machine at our Mill at Bay de Noque, (Mich.) the past two years, and that it has exceeded our expectations. We have no hesitation in saying that it will cut Two Thousand Feet, superficial measure, per hour, and upon a trial of twelve hours we cut 32,182 feet, superficial measure, of Flooring and Siding.
N. LUDINGTON & CO.

Milwaukee, Sept. 18th, 1856.

This is to Certify, That we have used one of Pinney Youngs' Patent Sawing Machines or Siding Mills, for about one year, and find it the most perfect Machine we have ever seen. It is easily kept in order. We have expended but a shilling for repairs on it as yet. We have never seen any Machine of the kind that will in any way compare with it. It will cut nearly or quite double the amount of lumber in the same time of any other mill we have ever examined. The man that runs it has offered to bet one thousand dollars he could saw in this Siding Mill Fifty Thousand Feet of Lumber within twenty-four hours—The lumber sawed in this mill is of universally even thickness, which is not the case with any other we have seen. We really would not exchange our machine for any other ten machines of any other patent we ever saw, for our own use.

Algoma, August 30th, 1856. BRAND & CO.

Messrs. Pinney Youngs & Co.:

Gents—We have in use, in our mill at Peninsula, Green Bay, two of your Siding Machines, and find them to answer our expectations in all respects. We prefer them to any we have ever used, or of which we have any knowledge. From the reports of our Superintendent, we learn that one of your Machines cut during the week ending July 12th, 1[illegible] feet of lumber—mostly fencing and flooring—being about [illegible] feet every twenty-four hours. For rapidity and smoothness of sawing, as well as durability of construction, we think it cannot be equalled by any other machine now in use.

Oconto, August 18th, 1856.

Yours truly, F. B. GARDNER & CO.

NEW YORK, March 27.

The Jury in the case of Laman who murdered Cannon in Brooklyn, rendered a verdict of insanity against the prisoner.

The Washington correspondent of the *Commercial Advertiser* says Mr. Buchanan has personally urged Robt. J. Walker to accept the office of Governor of Kansas, not as a routine official, but as a High Commissioner, to restore order in Kansas and prevent a civil war. Gen. P. F. Smith, who is here, thinks that Mr. W. would do that in thirty days. Mr. W. has listened to the representations and promises of the Administration, and will accept the office with a view to enhance his reputation, and at the same time probably to lay the Administration under immense obligations to him. He will not remain there after he shall have effected the high object of his mission, and his Secretary, whom he is to choose, will remain as Governor. He is not only to go out with full powers, but will dictate his own instructions.

Gov. Geary declared his intention of leaving Washington to-morrow morning, on learning which, Mr. Buchanan desired his address, as there might be some future occasion for his services. It is understood that it is Gov. Geary's intention after a brief residence in Westmoreland Co., to revisit Washington. He will not, under any consideration, accept a re-appointment after the office has been offered to another man, although he might have done so had it been offered to him first, with the same almost absolute powers with which it is proposed to clothe Mr. Walker.

The Wash'n States, last evening, says Walker has accepted; of this fact we have no longer a doubt. We have also every reason to believe that the post of territorial Secretary of State has been tendered to the Hon. F. P. Stanton of Tennessee.

Fire and loss of six Lives.

BOSTON, March 27.

Foley's Hotel, at Havre de Grace, New Foundland, was destroyed by fire on Saturday morning, March 21st. The fire broke out about 3 o'clock, while the inmates, some 30 or 40, were sleeping, and 6 perished.

HALIFAX, March 27.

The Europa sailed from here at 2 o'clock for Boston.

The City of Baltimore left Liverpool on the 11th, and the Arago left Southampton the same day for New York. The Europa passed on the 15th, the North America, from Portland for Liverpool with loss of foremast. Same day, off Bally Cotton, saw a steamer, supposed to be the Asia. Passed 26th, a steamer, supposed to be the City of Baltimore.

England was excited by electioneering movements. It is believed Palmerston will carry a small majority. He continues to receive addresses of confidence.

Notice had been given in the House of Commons of an inquiry respecting the present relations with the U. S. Lord Elgin had given a similar notice in the House of Lords.

The Earl of Clarendon stated, in answer to a question, that the Persian treaty was most satisfactory. Persia was to evacuate Herat within three months after its ratification, whereupon England would immediately evacuate the Persian territory. All further disputes between Persia and Afghanistan are to be referred to the arbitration of England. Palmerston, in the House, said the treaty was in all respects a better one than Persia offered to accept at Constantinople.

FRANCE.—The Neufchatel Conference progresses slightly.

The monthly statement of the Bank of France shows that the bullion has increased upwards of 28,000,000 francs.

An exchange of notes in the Chinese difficulty had taken place between England and France.

SPAIN.—Preparations for the invasion of Mexico continued on a larger scale. It is thought operations will be limited to the blockade and bombardment of Vera Cruz, and will not embrace the landing of a military force.

The *Espana*, government organ, demands that France and England shall request the United States to remain neutral. It is rumored that Napoleon offers to mediate on the part of Spain. In the meantime French ships are ordered to cruize off Vera Cruz.

It is also reported that France and England had declined to guarantee Cuba in the event of hostilities. A special Mexican Minister had arrived at Southampton, en route to Madrid, for the purpose of arranging difficulties. In the meantime the war programme contemplates bringing Santa Anna from retirement and lending him aid to capture Vera Cruz.

Turkey—The Sultan has presented France the Church of the Nativity, and the Palace of the Knights of St. Johns, at Jerusalem.

Russia—The Circassians have again beaten the Russians on the banks of the Lava, driving them across the river, with a loss of four hundred men, field pieces and baggage. The Russians are seeking to take possession of the Chutta, whose sovereign had demanded protection of the Sultan.

LATEST—London, Saturday.—The Earl of Elgin has accepted a special mission to China.

The Times City article says the funds show increased dullness, closing at a decline of ⅛.

LIVERPOOL BREADSTUFFS MARKET.—R. Spence & Co. report wheat very dull; sales unimportant and quotations quite nominal. Red wheat 7s6d a8s3d; white 8s9da9s9d; the latter price for choice qualities.

FLOUR—depressed and unsaleable; western canal 28sa29s; Ohio 30sa31s6d.

CORN—quiet; mixed freely offered at 32s3d; white 34s6da35s; yellow 33s6d. Canadian flour 32sa34s.

PROVISIONS—active demand for beef at steady prices; new firm and wanted. The Government auction had been postponed.

PORK—steady and in good request. Lots transhipped from France, selling at 65s.

BACON—quiet, but steady; middle ribbed at 52s6da54s; ditto boneless 54sa56s; short ditto rib at 51sa56s; boneless 55sa57s7d.

Flour depressed. Sales American 28a33.

MONEY MARKET.—Baring Bros. report the market decidedly more stringent, but consols were more steady; closing at 93½ for money; 93¾ for account.

ST. LOUIS, March 27.

About seven this evening a terrific explosion of powder occurred in the gun store of T. J. Aldrich, Main st., blowing the building to atoms, together with the extensive Hardware establishment of Kraft & Co., adjoining. As far as known, four persons killed—several others severely wounded. Ruins of the building are now burning. It is impossible to get particulars to-night

THREE P. M. REPORT.

CINCINNATI, March 27.

The line between Louisville and New Orleans, having been placed in admirable condition, by the present energetic management, an arrangement has been effected with it by the New York Associated Press, contemplating the transmission of public reports over its whole extent of wire twice per day. The completion of a new line from Jackson, Miss., and New Orleans, with a thorough revision of the old sections remove the difficulty heretofore experienced, and makes telegraphic communications with the Crescent City from all parts reliable and certain. It is confidently believed that we will hereafter receive prompt and full reports of all interesting and important news from the South and West.

The steamers South America and Eva Clair, came into collision night before last, 20 miles below St. Louis, by which the latter was cut down and sunk in twenty feet of water—probably a total loss.

The steamer Aglesby ran into the steamer Grapeshot yesterday, a mile and a half below Portland, Ky.,—the latter sunk.

ARRIVAL OF THE AMERICA!

HALIFAX, March 27.

The steamship America arrived here this A. M. at half past 3, and sails again for Liverpool, at half past five.

The steamship Europa arrived here this A. M. also, and will be due at Boston early on Sunday. She left Liverpool on Saturday the 14th inst., of the screw steamer Anglo Saxon from Portland. The screw steamer Circassian, which left Liverpool on the 7th for Portland, via St. Johns and Halifax, had put back in distress.

The political news by this arrival is meagre and generally unimportant.

Spain continued her preparations for the invasion of Mexico and was endeavoring to secure the influence of France and England, in keeping the United States in a neutral attitude.

Nothing had occurred to change the complexion of the Chinese question.

The Europa's commercial advices come down to the evening of Friday, 13th inst., and represent a quiet cotton market, without any material change in prices.

The market for breadstuffs continues extremely dull, and quotations were nearly nominal. No considerable sale could be effected except at a material decline from the prices current for some weeks past.

The market for provisions continued quite steady, at former rates.

The London Money market was somewhat more stringent, but the prices of consols remained as per advices by the Africa: 93⅝ for money.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. R. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 9 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.

THE above mill was patented by Charles Leavitt, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with it safely.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855–56, 2500 were made and sold in Ohio, at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & Fancener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

For sale by W. HARROLD SMITH, Wisconsin Iron Works.

Second door above the Astor House, NEW YORK,

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions over any clothing measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb6d3mVO&CO

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE.

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on the strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy any thing else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
